ANNA LINDH FORUM 2010

BARCELONA, 4th-7th MARCH

Welcome to the Anna Lindh Forum

Welcome to Barcelona

The Anna Lindh Forum 2010 is conceived as a major human gathering for the promotion of intercultural action across the Mediterranean region, organized by the Anna Lindh Foundation in partnership with the European Institute of the Mediterranean, Head of the Anna Lindh Spanish Network.

With the participation of 700 representatives of civil society organizations, initiatives, public organizations and programs, most of them members of the Anna Lindh Networks, this first Anna Lindh Forum will be a great occasion for debate, exchange, and partnership. It will provide a unique opportunity for reinforcing our capacity as a ALF network of networks, sharing ideas for a common project on intercultural dialogue and working for a common Mediterranean future.

This publication constitutes a guide for navigating inside the activities of the Forum built as you know on two pillars: the 'Agora' (plenary sessions and workshops) and the "Medina" (intercultural fair, artistic exchanges, partner contributions, information sessions, best practices and project ideas). We hope that those 3 days will provide you with ideas, experiences and partners appealing for you and valuable for the work of your organization.

In collaboration with the European Commission, the Spanish Government, the Generalitat de Catalunya, the Barcelona City Council and the Diputació de Barcelona, and based on the valuable contribution of all of you, we look forward to your active participation and to a successful Anna Lindh Forum.

Participation

As participants of the Anna Lindh Forum 2001, you will have the possibility to enjoy two different components: the Agora and the Medina.

- **The Agora** is the place where we will debate and reflect on key issues in the field of intercultural dialogue in the Euro-Mediterranean region and elaborate major recommendations for the intercultural agenda and the future action of the Anna Lindh Foundation.

The Agora will consist of plenary sessions open to all participants, followed by 5 thematic workshops, reflecting ALF strategic fields and aimed at reaching recommendations to be presented at the Closing Session on 7th March.

Each Workshop is divided into 2 groups that will meet simultaneously both on 5th and 6th March.

Most of you have already chosen one workshop and once in Barcelona you will be asked to register one group (no. 1 or 2) within it.

As we count on your active participation in the group debate, we would highly appreciate your commitment to attend the SAME GROUP on both days.

- **The Medina** is the place where ALF national network members, Euro-Med regional networks, institutions and initiatives, local associations and international NGOs will be invited to share their ideas and their experiences to create new opportunities for intercultural actions and to establish new partnerships.

It will consist of the following 2 static spaces

- *Intercultural Fair*, with presentation stands for ALF network members and other organizations of the Euro-Med region active in ALF strategic fields; and
- *Artistic Exchange*: exhibitions, video & film screenings, installations developed in collaboration with network members and Euro-Med partners

and the following 4 dynamic spaces

- *Info Sessions* on subjects related to intercultural practices (e.g. funding programmes, network management);
- Presentation of *Best Practices* registered among the ALF actions and of its member organizations, outlining positive experiences, but also challenges related to field work;
- Spaces to present *Project Ideas*, debate about them with other participants and look for new partners and developments;
- *Partners' contributions* (e.g. sessions organized by members of ALF networks and partners).
