## **MIGRATION AND YOUTH**

### **“THE PROJECT OF SUPPORTING SYRIAN CHILDREN IN TURKEY”**

*Child Friendly Spaces*

- The Project is a joint implementation with UNICEF.
- The Project's aim is to implement programs for children aged 4-18 in the camps/centers for Syrian people under temporary protection, targeting these subtitles;
  - Access safe
  - Life participatory and inclusive education
  - Recreational activities for high life motivation
  - Spaces with restoring a sense of stability and continuity
- The Project is now being implemented at 23 Child Friendly Spaces in 22 camps and 1 community center in Şanlıurfa.

*Youth volunteer  
with a children at  
CFSS*

- At our CFSs, totally reached 73.928 benefiting children from the Project starting date -May 2013, up to end of March 2015.
- 800 youth volunteers have been trained on the leadership topics, and by this way, they support actively our activities.

- With the support of our volunteers,
  - we can reach the children easier with youth volunteers,
  - they support the project in order to raise the families' awareness about CFSs,
  - variety trainings on the topic of education, communication and leadership are organized at CFSs by youth workers.

➤ Youth volunteers' acquisitions are;

- to decrease negative perceptions about their own self, and to increase positive perceptions
- to support him/her happiness increasing
- the more volunteers' satisfaction, the more their social responsibility sense
- knowledge of their own rights and responsibilities
- freely recreational activities in CFSs
- participation in decisions and processes about activities being realized in CFSs
- more self-confidence
- more consciousness about how to find solution to their problems
- to learn how to become an active citizen
- to become a part of community and an individual
- more sensitivity about community issues

*Youth volunteer doing face-painting activity with children*

*TRC-Youth Worker implementing a drawing activity*
